WELCOME MESSAGE TO ROE #3 JR. HIGH SAFE SCHOOL STUDENTS

Welcome to ROE 3 FOCUS and TriStar Academy! We look forward to working with all our students and families on this journey of being a lifelong learner. Much of what we learn in life comes from the way that we work through our experiences and grow as a result of both the good and bad things that happen to us along the way. We work hard to instill the following principles into our daily lives:

- To work not just for grades, badges, and honors, but to discover truth and to grow in knowledge of the world, to acquire a greater understanding of mankind, and to better serve our community.
- To believe in the benefits of labor, to be glad to do one's share of it, and to be proud of the skills learned in the doing.
- To play just as wholeheartedly as we work, but remembering that play is for recreation and an increased joy in living rather than strictly for competition.
- To want to lend a hand to the community willingly, and not expect the community to pay us back.
- To combat prejudices caused by differences in economic, political, racial, and religious backgrounds and to help make the world a better place by putting ourselves in others' places before we act or judge.
- To work together in a true collaborative relationship, stressing the community and its need for the cooperation of all.

If you try hard to do your best every day, your opportunities will expand. Expanded opportunities bring more chances for successful experiences. Your success starts with trying hard each and every day. Accept the challenge. It's what makes life great!

Julie Wollerman, Regional Superintendent of Schools
Bond, Christian, Effingham, Fayette, & Montgomery Counties

Welcome! It is our goal to make this year a pleasurable and educational one for you and your family. We know that you can be a successful student. Our staff believes that education requires hard work on our part **and** yours. We expect nothing but the best from our students. On the occasion that you don't do your best, admit to your shortcomings, make the necessary amends, and move on. Education is the sum of three main pieces: school, home, and you! Our staff is prepared to help you build your team to achieve your personal success. Remember, your choices, your consequences. Get ready to be challenged - accept the responsibility to do more for yourself and succeed!

MISSION STATEMENT

Our mission is to be the best place for our students to learn and grow. We want our students to learn the skills necessary so they may successfully return to their home school. The teaching staff provides opportunities for growth through individualized teaching and behavior programs that emphasize the positive traits of each child while providing direction and feedback on areas that need to improve.

The goals and objectives of our program are:

- 1. To provide academic instruction to earn credit towards promotion from the sending school through the following:**
 - ◆ By providing a structured and well-disciplined classroom in which learning can take place.
 - ◆ By consistently following the behavioral expectations and consequences established by the program.
 - ◆ By maintaining communication with all parties concerned with student's progress so that everyone is working toward a common goal.
 - ◆ By developing and implementing an individualized optional education plan for each child according to his/her current level of functioning.

- 2. To create a successful transition back to the sending school with linkage for the student and student's family through the following:**
 - ◆ By providing parental involvement through successful school-parent relationships.
 - ◆ By developing in the students an understanding of their environment and the roles that need to be assumed to enhance social awareness and responsibility.
 - ◆ By providing a personal link between the sending school and alternative program for those students and their families when they return.

- 3. To create a positive self-image and self-esteem while realizing self-discipline and responsibility for one's actions through the following:**
 - ◆ By providing opportunities for students to develop self-awareness by taking responsibilities, developing commitments and assuming leadership roles while being guided by a caring adult.
 - ◆ By providing opportunities for students to establish a relationship with the educational staff and view them as people in whom they may confide and trust.
 - ◆ By developing the necessary social skills to establish relationships and feel comfortable with peers.
 - ◆ By providing an opportunity to see school and education in a new and different light.

GENERAL INFORMATION

This handbook is by no means all-inclusive of the rules necessary to effectively run a school. Any conduct detrimental to school, safety, and/or the educational process at school or directly relating to the functions of the school and its policies will be dealt with immediately and effectively to restore the school environment. This handbook is not a contract and is subject to change. These rules are not all inclusive and new rules may be adopted or changes made as needed. Failure to follow or adhere to school rules can result in dismissal from FOCUS or TriStar Academy Safe Schools Program.

ADMINISTRATION AND ORGANIZATION

Youth Educational Services (YES), a division of the Regional Office of Education for Bond, Christian, Effingham, Fayette, and Montgomery Counties, was formed in August 1993. The Safe Schools Program is one part of this division. Its initial goal was and remains to provide area dropouts with an optional education program. The decision to develop our first alternative high schools was the result of a needs assessment conducted by the six Bond-Fayette district superintendents and their principals during the 1992-93 school year. At several meetings during that year, school administrators and several network agencies listed the desire to *serve the dropout population* as a major goal. A truancy intervention program (RAP) was added to the project in 1995. The Regional Safe Schools Programs were initiated in 1997. Each year, a group of administrators, teachers, parents, agency contacts, counselors, business representatives, clergy, and other community members meet and review area youth's needs and how this project can best serve them.

Youth Education Services (YES) is administered by Julie Wollerman, Regional Superintendent of Schools for Bond, Christian, Effingham, Fayette, and Montgomery Counties. It is currently composed of six parts: the New Approach and Aspire Alternative High Schools; Alternative In-school suspension Mandate (AIM); the Regular Attendance Program (RAP); the FOCUS and TriStar Academy Safe Schools Programs; our new Raymond site, and the Learning Express Early Childhood Program. The YES division is funded by federal, state and local grants, General State Aid, and home school district cooperation.

TEACHER QUALIFICATIONS

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State licensure requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.
- If you would like to receive any of this information, please contact the school office.

SCHOOL PROGRAM

- ◆ 8:30 A.M. to 2:15 P.M.

- ◆ Lunch and breakfast available at site
- ◆ Curriculum covers basic academic subjects with emphasis on self-responsibility
- ◆ Students are referred to the Safe Schools Program **ONLY** by the home school principal
- ◆ Parent support and involvement is **required** for student enrollment.

Questions about school/classroom rules, policies or otherwise should first be directed to the classroom teacher. The teacher can then direct further questions to the Principal.

CARNEGIE UNITS

120 hours = 1 credit

60 hours = 1/2 credit

SCHOOL RULES AND POLICIES

ABSENCES AND TARDINESS

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The principal, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused

absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session. (© 2018 IPA School Handbook Subscription Service)

The Safe Schools Program staff recognizes the importance of regular attendance by all students. Consistent attendance is key for students to cover and comprehend all material necessary including class discussion, group work, and in-class assignments under teacher direction to achieve full class credit. Thus, grades may be lowered when a student is not present for the academic process. The following policy will be strictly adhered to:

1. Students will be allowed **5 absences** (excused and/or unexcused) per semester. On the day of an absence, parents should call the school and report why their student is absent from school. Students that have been referred to the Regional Office of Education for truancy intervention services or to the truant officer will not be allowed the 5 parent verifiable absences. These students will be required to have a court or doctor's statement to validate the absence for the remainder of the school year. **Please note: students who are late to school or leave school early by more than 15 minutes but less than 2.5 hours will be counted as a ½ day absent.** **FUNERALS:** Students are urged to pay their respects in the home, funeral home, or church, out of school hours unless it is for the passing of immediate family. Students attending a funeral must present a parental permission slip in advance of absence from school.
2. The returning student is required to bring a signed note from the parent or guardian or appropriate medical/funeral personnel explaining the absence. Without the parental note and phone call, the absence will be considered unexcused thus affecting a student's ability to make up missed work. Students will be allowed 5 parental notes per semester.
3. After 3 unexcused absences in a semester, the following procedure will begin:
 - ◆ 4th absence – a parental meeting (in person or phone) will be called; student will be automatically referred to the Regular Attendance Program or Attendance Officer.
 - ◆ 5th absence – a parental meeting will be called.
 - ◆ Additional absences will call for further services and may result in dismissal from the program.
4. Policy renews every semester.

If it is anticipated a student will be absent for an extended period of time due to medical treatment, etc., parents should contact the principal to make necessary arrangements so the absences may be pre-approved and student may continue to be enrolled at the FOCUS Safe Schools Program. **Each situation will be dealt with on an individual basis and all decisions are made at the principal's discretion.**

An appeals process for removal from the program is available. Students and parents interested in appealing the decision of student removal should contact Regional Superintendent of Schools

Julie Wollerman at 618/283-5011. An appropriate advisory board will be convened to discuss individual cases.

Tardy Policy – A student who is late to the start of school or returning from lunch by 15 minutes or less is considered tardy. The tardy policy is set by the classroom teachers. Continued tardiness can result in being dropped from a class, ineligibility from exam exemption, or dismissal from the Safe Schools Program.

ACADEMIC PROBATION

Students who fail two or more classes during a term will be placed on academic probation for the remainder of the current term and/or following term. The student must improve by failing no more than one class to discontinue academic probation. Failure to do so can result in removal from the Safe Schools Program.

ACCOMMODATING INDIVIDUALS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting. It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services. The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services. A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office. Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

ACCOMMODATING STUDENT PARENTS

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

1. Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
2. Permission to bring onto school campus a breast pump or other equipment used to express breast milk.

3. Access to a power source for a breast pump or any other equipment used to express breast milk.
4. Access to a place to store expressed breast milk safely.
5. Reasonable breaks to accommodate the student's need to express breast milk or breastfeed an infant child.
6. The opportunity to make up work missed due to the student's use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District's Complaint Manager or Non-Discrimination Coordinator.

ALLERGIES

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (618) 283-9311, (217) 229-4320 or (217) 540-1570.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

ANNUAL PARENTAL NOTICE OF EDUCATIONAL TECHNOLOGY VENDORS UNDER THE STUDENT ONLINE PERSONAL PROTECTION ACT

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

ARRIVAL AND DEPARTURE PROCEDURES

Students are to enter the school building and proceed to the appropriate classroom immediately after their arrival. Upon dismissal, students are to leave the building and parking lot in a reasonable and orderly fashion. No loitering outside of the school building is permitted before or after school.

BOOK BAGS, PURSES, & RELATED ITEMS

The possession of any book bags, purses, or related articles is not allowed. Student books are to remain in the classroom unless special arrangements are made. Any necessary hygiene items should be brought to school and left with a teacher. Any bags or such brought to school should be given immediately to a staff member who will retrieve necessary articles and then secure the bag for the remainder of the school day.

BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;

2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

CARE OF FURNITURE, BUILDING, AND GROUNDS

Chewing gum, writing, and carving can ruin the appearance of everything. Paper on the floors mars the appearance of the school. It is the duty of each person to cooperate 100 percent in caring for our facilities. Students are responsible for cleanup of the general school area and building. This includes but is not limited to general cleaning, dusting, sweeping, etc. Taking pride in the appearance of the classroom and the school is essential in establishing a pleasant, wholesome atmosphere.

COMMUNICABLE DISEASES

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

CONCUSSION

A student who exhibits signs, symptoms, or behaviors consistent with a concussion during physical activity will be removed from participation or competition at that time. A student who has been removed from an activity for a possible concussion or head injury may not return to that activity unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that activity, the student may not return to play or practice until the student has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

DIABETES

Care of Students with Diabetes:

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Authorization to Provide Diabetes Care:

I authorize the performance of all duties necessary to assist my child with management of his/her diabetes during school.

I acknowledge that it is my responsibility to ensure that the School is provided with the most up-to-date and complete information regarding my child's diabetes and treatment. Therefore, I consent to the release of information about my child's diabetes and treatment by my child's health care provider(s), _____, to representatives of ROE #3, Alternative Education programs. I further authorize District representatives to communicate directly with the health care provider(s).

I also understand that the information in the Diabetes Care Plan will be released to appropriate school employees and officials who have responsibility for or contact with my child, _____, and who may need to know this information to maintain my child's health and safety.

Pursuant to Section 45 of the Care of Students with Diabetes Act, I acknowledge that the District and District employees are not liable for civil or other damages as a result of conduct, other than willful or wanton misconduct, related to the care of a student with diabetes.

Parent's Signature*: _____ Date: _____

*Failure of Parent(s) to execute this document does not affect the civil immunity afforded the District and school employees by Section 45 of the Care of Students with Diabetes Act for civil or other damages as a result of conduct, other than willful or wanton misconduct, related to the care of a student with diabetes, or any other immunities or defenses to which the District and its employees are otherwise entitled.

DIRECTORY INFORMATION & SCHOOL RECORDS

The following information will be designated as "Directory Information" under the Family Educational Rights and Privacy Act (FERPA) and will be the information that is disclosed when requested: student name, address, and telephone number.

Unless you advise the school office that you do not want any or all of this information released, school officials may release personally identifiable information that has been designated as "directory information". *Upon receiving written notice from parents/guardians or eligible students objecting to disclosure, this information will not be released without the prior consent of the parent guardian or eligible student.*

Such directory information may be requested by post-secondary institutions, prospective employers, and military recruiters.

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student's academic transcript. ¹

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official-committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the

¹ This section is only applicable to high schools. The board, by policy, may allow scores received on college entrance examinations to be included on a student's academic transcript, if a request is made in writing by an eligible student or student's parent/guardian. If your district has a board policy on point, include this language in your handbook procedure.

health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.²

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary

record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

DISCIPLINE

Student discipline will be handled according to the guidelines set forth in this handbook. Rules may be amended or adopted as needed to provide a safe learning environment. A teacher, aide or other staff member providing a related service for or with respect to a student may use reasonable force as needed to maintain safety for the other students, school personnel or persons for the purpose of self-defense or the defense of property. Thus, a staff member may remove a student from the classroom for disruptive behavior. This shall not include slapping, paddling, or prolonged maintenance of students in physically painful positions nor shall it include the intentional infliction of bodily harm.

Prohibited Student Conduct

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes, e-cigarettes, vapes, vape pens or other vaping related products.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:
 - a. Any illegal drug, controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).

The use or possession of medical cannabis, even by a student for whom medical cannabis

has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.

- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
- g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
- h. Any substance inhaled, injected, smoked, consumed or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

5. Using or possessing an electronic paging device.
6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals..
7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.

9. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or

weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

EDUCATION OF CHILDREN WITH DISABILITIES

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services. The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services. Students and families should consider that placement with FOCUS or TriStar Academy may not provide the appropriate special education services and should thoroughly research their options before committing to either. ELECTRONIC DEVICES

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, video recording device, personal digital assistant (PDA), IPod®, IPad®, laptop computer, tablet computer or other electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a personal electronic device.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as “sexting.”

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure are subject to the following consequences:

1st Offense – Device confiscated, returned at end of day, and parent called

2nd Offense – Device confiscated, returned at end of day, and parent called

3rd Offense – Device confiscated and parent must pick up

4th Offense – Mandatory parental meeting, possible dismissal

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. The student may be required to share the content that is reported in order to allow school officials to make a factual determination.

EMERGENCY INFORMATION

Each student is asked to complete an emergency information form. This form must have at least two contacts other than the parent/guardian who can be reached in case of emergency. This information must be kept current. Please inform the school of any changes immediately.

ENGLISH LEARNERS

The school offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet.

Parents/guardians of English Learners will be informed how they can: (1) be involved in the education of their children, and (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

A parent/guardian may request, and the District will provide in a timely manner, the professional qualifications of your student's classroom teachers, including, at a minimum, whether:

- a. The teacher has met the State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- b. The teacher is teaching under emergency or other provisional status.
- c. The teacher is teaching in the field of discipline of the certification of the teacher.
- d. Paraprofessionals provide services to the student and, if so, their qualifications.

II. Testing Transparency

The State and District requires students to take certain standardized tests.

A parent/guardian may request, and the District will provide in a timely manner, information regarding student participation in any assessments mandated by law or District policy, which shall include information on any applicable right you may have to opt your student out of such assessment.

III. Annual Report Card

Each year, the District is required to disseminate an annual report card that includes information on the District as a whole and each school served by the District, with aggregate and disaggregated information for each required subgroup of students including: student achievement on academic assessments (designated by category), graduation rates, district performance, teacher qualifications, and certain other information required by federal law. When available, this information will be placed on the District's website

IV. Parent & Family Engagement Compact

V. Unsafe School Choice Option

The unsafe school choice option allows students to transfer to another District school or to a public charter school within the District under certain circumstances.

VI. Student Privacy

Students have certain privacy protections under federal law.

VII. English Learners

The school offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet. For additional information, see handbook procedure 12:60.

VIII. Homeless Students

For further information on any of the above matters, please contact the building principal.

EXAM POLICY

All students are expected to take semester exams. Students can be exempt from an enrolled class semester exam by meeting the following requirements:

- B average for class
- 3 or less absences for the semester
- 5 or less tardies

EXTENDED ABSENCES – HOME & HOSPITAL INSTRUCTION

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. Upon returning to school, the student shall submit a doctor's note that authorizes her return. Failure to complete home assignments or return to school may result in the student's removal from school.

EXTRACURRICULAR ATHLETIC ACTIVITIES CODE OF CONDUCT

Requirements for Participation in Extracurricular Athletic Activities

A student must have the following fully executed documents on file in the school office before being allowed to participate in any extracurricular athletic activity.

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant.
 2. A permission slip to participate in the specific sport or activity signed by the student's parent/guardian; and
 3. Proof the student is covered by medical insurance; and
 4. A signed agreement by the student not to use any drugs on the IHSA's most current banned drug classes list and an agreement to take part in random testing for these substances.
1. A signed agreement by the student's parent/guardian authorizing random performance-enhancing substance testing and recognizing the dangers of drug use.

Eligibility

Selection of members or participants in extracurricular athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular athletic activities, a student must maintain an overall ____ grade point average. Any student failing to meet academic requirements will be suspended from the sport or activity for ____ calendar days or until all academic requirements are met, whichever is longer. (Refer to home district rules)

Eligibility for most athletics is also governed by the rules of the Illinois High School Association [or] Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular Athletic Code. In the case of a conflict between IHSA [or] IESA and this Extracurricular Athletic Code, the most stringent rule will be enforced.

Absence from School on Day of Sport or Activity

A student who is absent from school after noon is ineligible for any sport or activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach: 1) for a pre-arranged medical absence; or 2) for a death in the student's family. A student who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by school officials.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday sports and activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to sporting events and activities and return home from such events with the team on which the student participates by use of school approved means of transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the sport or activity upon advance written request of a student's parent/guardian and provided the

parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Any student found to be in violation of this rule will be subject to discipline in accordance with the Extracurricular Athletic Code of Conduct.

Code of Conduct

This Code of Conduct applies to all school-sponsored activities that are neither part of an academic class nor otherwise carry credit or a grade. This Code of Conduct will be enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors for students in extracurricular athletic activities. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations and a student may be excluded from sports or activities while the school is conducting an investigation regarding that student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the student assistance program regarding alcohol or other drug problems. Family-referrals or self-referrals will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

- Violate the school rules and district policies on student discipline;
- Use a beverage containing alcohol (except for religious purposes);
- Use tobacco in any form;
- Use, possess, buy, sell, barter, or distribute any illegal substance (including mood-altering and performance enhancing drugs or chemicals) or paraphernalia;
- Use, possess, buy, sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in sports, such as archery, martial arts practice, target shooting, hunting, and skeet;
- Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
- Act in an unsportsmanlike manner;
- Vandalize or steal;
- Haze or bully other students;
- Violate the written rules for the activity or sport;
- Behave in a manner that is detrimental to the good of the group or school;
- Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff;
- Falsify any information contained on any permit or permission form required by the activity or sport.

***Hazing* is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* is any physical or verbal act or conduct that has or can be reasonably predicted to place a student in reasonable fear of harm; cause a detrimental effect on a student's physical or mental health; interfere with a student's academic**

performance; or interfere with a student's ability to participate in or benefit from school activities.

Due Process Procedures

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 - a. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all sports or activities for one of the time periods described below:
 - A specified period of time or percentage of events, competitions, or practices;
 - The remainder of the season or for the next season; or
 - The remainder of the student's school career.
 - b. Sanctions for alcohol and other drug violations will be based on the following:
 - c. First violation
 - Use, possession, buying, selling, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student successfully completes a school-approved chemical awareness program.
 - Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
 - The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).
 - d. Second violation
 - Use, possession, buying, selling, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances, activities, or competitions during this period. To participate again in any activities, the student must successfully participate in and complete a school-approved alcohol and other drug abuse assessment and follow all recommendations from that assessment.
 - Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one third of the season and all extracurricular group performances, activities, or competitions during this period.

- The student may be required to practice with the group (unless suspended or expelled from school).
 - e. Third violation
 - Use, possession, buying, selling, bartering, or distributing: A suspension from extracurricular activities for the remainder of the student's school career.
 - Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one calendar year from the date of the suspension, including all extracurricular activities during this period.
7. The administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the building principal.

All students remain subject to the district's student discipline policy and/or the school's student handbook and the disciplinary measures listed in them.

Drug and Alcohol Testing Program

The District maintains an extracurricular drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent(s)/guardian(s) must consent to random drug and alcohol testing in order to participate in any extracurricular athletic activity. Failure to sign the district's "Random Drug and Alcohol Testing Consent" form will result in non-participation.

If a test is positive, the student may not participate in sports or activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume sports and activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the district policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

FIELD TRIPS

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written

permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

FISCAL MANAGEMENT

The Safe Schools Program is audited annually by the Illinois State Board of Education and follows their guidelines and recommendations. Expenditures are made by the Principal, paid and recorded by the bookkeeper, and approved by the Regional Superintendent.

FORGERIES/PLAGIARISM

Forgeries and plagiarism of any type are unacceptable. Students will receive appropriate consequences and parents will be notified. Additional forgeries could result in removal from school.

GRADING

Grading System - Grade & Percentage:

A+ = 98-100	B+ = 87-89	C+ = 77-79	D+ = 67-69
A = 94-97	B = 83-86	C = 73-76	D = 63-66
A- = 90-93	B- = 80-82	C- = 70-72	D- = 60-62
			F = 0-59

Grading System – Letter Grade Conversion:

A+ = 12	B+ = 9	C+ = 6	D+ = 3
A = 11	B = 8	C = 5	D = 2
A- = 10	B- = 7	C- = 4	D- = 1
			F = 0

- ◆ Each quarter grade percentage will be converted to the above scale.
- ◆ Each quarter grade will be doubled.
- ◆ Each semester test (final exam) will count only once.
- ◆ **If a student fails both quarters in a semester OR one quarter plus the final exam, he/she automatically fails the semester.**

EXAMPLE:

First Quarter	Second Quarter	Final Exam
---------------	----------------	------------

Grade percent	92%	75%	66%
Converted to letter	A-	C	D
Converted to points	10	4	2
Quarter grade doubled	2 x 10	2 x 5	1 x 2
Total Points	20	10	2

$20 + 10 + 2 = 32$

Total (32) divided by 5 = 6.4; rounded to 6 = C+ for final grade.

A portion of all classroom grades will allow daily attendance. Irregular attendance will directly affect a student's grade in a negative manner.

GRADUATION REQUIREMENTS

Each student who is seeking an 8th grade promotion to high school must meet the graduation requirements of their home school. A written statement of these requirements is placed in each student's IOEP/AEP.

HEAD LICE POLICY

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school principal if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school staff and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

HOME AND HOSPITAL INSTRUCTION

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage. © 2019 IPA School Handbook

HOMELESS CHILD'S RIGHT TO EDUCATION

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

The school's homeless liaison can assist you in finding assistance for difference needs. Contact the school principal for more information.

HOMEWORK

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Home and Hospital Instruction

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction.

IMMUNIZATION, HEALTH, EYE & DENTAL EXAM

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing

is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was “risk-assessed” or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year³ will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student’s report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child’s report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student’s parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student’s parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student’s parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or

5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

INTERNET ACCEPTABLE USE

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software;
- c. Downloading copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

- a. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- b. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
- d. The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Electronic Mail – The E-mail system is owned and controlled by the school and district. E-mail is provided to aid students in fulfilling their duties and responsibilities, and as an education tool.

- a. The school and district reserve the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.

- c. Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the electronic mail system constitutes consent to these regulations.

LOITERING

There will be no loitering on school property or those properties adjoining the school. Students are welcome to visit at school in the building but not outside in the parking lot or adjacent lots. A closed campus is enforced. Once a student arrives on school grounds at the beginning of the school day (by bus, car, bike, or walking) a student will not be allowed to leave campus until the end of the day. Students should enter the classroom immediately upon their arrival. At the end of the school day, students should leave the building and grounds directly.

MAKE-UP WORK

It is the responsibility of each student to arrange for make-up work. This should be done immediately upon the return to school from an absence. Students who have justifiable reasons for absences, such as illness or accident, and whose probable absence will extend beyond three days should notify the Principal immediately. Students who have an unexcused absence will be allowed to make-up work for 80% credit. The date such assignments are due will be determined by the principal. Students should expect very few days to make-up work for an unexcused absence.

Incomplete grades will be carried over for two weeks into the next grading period only if the person has suffered from a severe illness or accident. The Principal can require a doctor's note for proof of injury or illness.

MALE/FEMALE RELATIONSHIPS

It is often most embarrassing to both students and faculty to observe open displays of affection between students at school. Hand holding, kissing, leaning against one another, and the like are out of place and will not be tolerated. Students found guilty of breaking this policy shall face possible removal from school.

MANDATED REPORTERS

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

MEALS – BREAKFAST & LUNCH

There will be designated time for breakfast immediately upon arrival and 30 minutes provided for lunch. You may bring a lunch or purchase one through school. Students who bring food to school should make sure all beverages have been unopened. This includes drinks brought for times other than lunch. No opened beverages will be allowed into the building. Lunch delivery from outside sources is at the discretion of the principal and is strongly discouraged. Students who experience financial hardship and are eligible for free or reduced price meals will be provided with a school lunch. Students purchasing lunch will need to bring money for at least one week in advance. Our lunches are purchased through Vandalia/Effingham Community Schools. Each student is responsible for keeping their account current. Please make checks payable to ROE #3. For costs, contact the school secretary at 618/283-9311 or 217/342-2865. Please note, accounts left with a remaining balance of \$10.00 or more will be refunded by check and those under \$10.00 will be notified.

Unpaid Meal Fee Policy

ROE #3 Youth Education Services recognizes the important link between proper nutrition and academic success. The purpose of this policy is to establish a consistent district procedure for charging meals when students do not have money to pay, preventing meal charges, and ensuring eligible children are certified for free and reduced-price school meals.

Charging meals:

Because hunger is an impediment to learning, no child shall be denied a school meal because of an inability to pay. Children will be served a meal that meets the U.S. Department of Agriculture nutrition standards for school meals.

Preventing meal charges:

To ensure that all eligible families are certified for free and reduced-price school meals, the school nutrition department shall:

- provide all households with school meal applications prior to the start of the school year and/or include instructions for completing online school meal applications;
- provide school meal applications in the primary language of the parent or guardian and provide assistance with completing an application for any household that requests assistance;
- promptly utilize data provided by the state or other school district officials to certify eligible children without an application; and
- assure that any child for which the school district is not able to obtain a completed school meal application, but becomes aware of their eligibility for free or reduced-price school meals shall be certified based on an application submitted by the appropriate school official, as permitted by USDA guidance.

To ensure that households are aware of negative account balances and the potential to accrue meal debt, the school nutrition department will:

- send out low balance notices prior to students needing to charge meals;
- notify and/or work with principals, school counselors, and/or teachers to understand the student and parent's situation and if a school meal application is needed; and
- notify parents of negative balances.

Collecting unpaid meal debt:

All communication regarding unpaid meal debt shall be directed at parents or guardians. Prior to contacting households regarding unpaid meal debt, the school district shall ensure that the student is not participating in the Supplemental Nutrition Assistance Program (SNAP), the Temporary Assistance for Needy Families (TANF) program, or other federal programs, which would confer categorical eligibility for free school meals, or is not homeless, migrant, or in foster care, and would allow them to be certified without an application.

Any household with a negative school lunch account balance shall be contacted immediately by school nutrition staff by email, phone, or letter home to provide information on how to apply for free or reduced-price school meals or to add funds to the school nutrition account.

- For households that cannot afford to pay their school meal charges, the school district will work with them to establish a payment plan. Households that are subsequently certified for free or reduced-price school meals at a point later in the school year shall not immediately be required to repay school meal debt accrued in that school year. The school district will submit retroactive claims for any meals charged to the household from the date of application to the date of certification, to the extent allowed by USDA guidance.
- Unpaid meal amounts that continue to grow and reach the threshold of \$250 will be turned over to the small claims court.

MEDICATION ADMINISTRATION

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Diabetic Students:

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- e. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

- f. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- g. Sign the Diabetes Care Plan.
- h. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

Food Allergen Students:

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (618) 283-9311 or (217) 342-2865.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

NEW ADDRESS AND/OR PHONE NUMBER

Any student who moves to a new address or has a change of phone number should report this change to the school secretary immediately.

NON-SCHOOL SPONSORED PUBLICATIONS & WEBSITES

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;

Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

Guidelines for Student Distribution of Non-School-Sponsored Publications

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

1. The student(s) must notify the building principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.
2. The material may be distributed at times and locations selected by the building principal, such as, before the beginning or ending of classes at a central location inside the building.

 - b. Violates the rights of others, including but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

PANDEMIC OR OTHER HEALTH IMPAIRMENT SCHOOL OPERATIONS

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.

10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health, or safety.

PARKING

High School students only - Students may park their vehicles in the lot designated between the hours of 8:00 AM – 2:15 PM. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots designated for staff are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

PERMISSION TO LEAVE SCHOOL

Students who desire to leave school due to an emergency, illness, or doctor's appointment must secure permission from the Dean of Students or Principal, preferably before 8:30 A.M. In case

a student becomes ill, he/she should secure permission from the Dean of Students or Principal to leave with the student's parent/guardian. **THE STUDENT WHO DELIBERATELY LEAVES SCHOOL WITHOUT PERMISSION AUTOMATICALLY SUSPENDS HIMSELF/HERSELF, AND WILL BE COUNTED ABSENT.** In no case will a student be allowed to leave school during a school day without signing out. Students who wish to leave school in a manner other than they arrived must have a note from his/her parent.

PESTICIDE APPLICATION NOTICE

The district maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact: Laura Benhoff, Principal, 618/283-9311 or Amber Kidd, Principal, 217-342-2865. Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.

PHYSICAL EDUCATION EXEMPTION

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

POSITIVE RECOGNITION

Provide each student with the opportunity to significantly improve his/her behavior, through the use of constructive consequences, so he/she may successfully return to his/her home school. The points system will change with the students as they become more responsible. The system will be taught in the classroom and explained to students' families.

Classroom Rules

1. Do what your teacher asks the first time.
2. Be at desk ready to begin class at 8:30 a.m. and at each session throughout the day.
3. Raise hand and wait for permission before talking in class or leaving seat.
4. Stay on task.
5. Respect yourself and others at all times.

PROFANITY

Profanity is unacceptable at the school site or during the school day even when off site. This includes hand and body gestures. Consequences will be determined by the classroom teacher and reviewed by the Principal.

RELATED SERVICE LOGS

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request. © 2019 IPA School Handbook

SAFETY DRILL PROCEDURES & CONDUCT

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students. (© 2018 IPA School Handbook Subscription Service)

SCHEDULE CHANGES

Schedule changes are not allowed, except for those cases of absolute need. All necessary changes must be made within the first seven school days of the first and second semester. A schedule change can only be made with the approval of the Principal.

SCHOOL CLOSINGS

In the event that school should be closed due to weather, building problems, or any other reason, an announcement will be broadcast on radio stations WPMB, Vandalia; WGEL, Greenville; and WCRC, Effingham. This includes early dismissals. School closings will also be announced on KMOV-TV Channel 4 and KSDK Channel 5 as well as the school's website www.aep.fayette.k12.il.us and Facebook page.

SCHOOL STUDENT RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made

on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student's academic transcript. 4

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5.The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6.The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-

sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs

- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7.The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.⁵

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8.The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.

9.The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

SEARCH AND SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

SEXUAL HARASSMENT & TEEN DATING VIOLENCE

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 - a. Substantially interfering with a student's educational environment;
 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Making a Complaint: Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

Complaint Managers (Principals):

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.

SEX OFFENDER NOTIFICATION LAW

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child, such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board. Anytime that a convicted child sex offender is present on school property for any reason – including the three reasons above – he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony.

SEX OFFENDER & VIOLENT OFFENDER COMMUNITY NOTIFICATION LAW

State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Ill. Dept. of State Police (ISP) website. The ISP website contains the following:

Illinois Sex Offender Registry, www.isp.state.il.us/sor/
Illinois Murderer and Violent Offender Against Youth Registry,
www.isp.state.il.us/cmvo/
Frequently Asked Questions Concerning Sex Offenders,
www.isp.state.il.us/sor/faq.cfm

SEX EDUCATION

Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension

or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

SOCIAL NETWORKING PASSWORDS & WEBSITES

School authorities may require a student or his or her parent or guardian to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Social networking website means an Internet-based service that allows students to: (1) construct a public or semi-public profile within a bounded system created by the service; (2) create a list of other users with whom they share a connection within the system; and (3) view and navigate their list of connections and those made by others within the system. Social networking website does not include electronic mail.

STANDARDIZED TESTING

All students will be periodically tested to measure and encourage their academic progress. Specifically, students will be pre-tested as they enter our programs with the Test of Adult Basic Education. All students will be post-tested at least once with the same test each year. A minimum of 40 class hours must be achieved between pre- and post-tests. Other tests such as the Prairie State Achievement Exam, the Illinois Student Achievement Test, PARCC, etc. will also be administered as prescribed by the Illinois State Board of Education or student's home school.

Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their student to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam;

6. Teach students the importance of honesty and ethics during the performance of these and other tests;

7. Encourage students to relax on testing day.

STUDENT PRIVACY PROTECTIONS

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information*

means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions.

SUBSTITUTE TEACHERS

A substitute teacher is an important employee whose impressions of our school will be carried into the community. Let us be certain that we are polite, helpful, and considerate to the substitutes, as you would be to your regular teacher. Not behaving in a responsible manner will result in immediate consequences.

SUICIDE

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Information can be obtained from the school office.

SUSPENSION/EXPULSION

In accordance with Section 10-22.6 of The School Code a student committing acts of either misconduct or gross disobedience, the student's right to education experiences may be temporarily withheld. It should be noted that the school may not deprive a student of his/her right to educational experiences without due process of law. **A student is entitled to procedural due process and must be allowed to present a defense to explain the circumstances of his/her actions and/or to prove innocence.**

SUSPENSIONS

A suspension may not exceed ten (10) school days and a student may be suspended prior to an informal hearing being held. The United States Supreme Court opinion (Gross v. Lopez), 419 U.S. 565, 1975, has held that prior to a suspension, the following procedures must be observed:

1. The official executing the suspension must give the student oral or written notification of the charges and evidence to support the charges.
2. Any student who denies the charges must be given the opportunity to present an explanation with the suspending school official. The suspending school official must then inform the student whether or not the suspension will follow and be enforced.

3. The Supreme Court opinion also stated that a student whose presence poses a continuing danger to persons, property, or an ongoing threat of disruption of the academic process may be immediately removed from school.

In addition to those procedures required by the Supreme Court, Section 10-22.6 of The School Code outlines the following in regard to suspension procedures:

1. A student may be suspended by the Principal.
 - The student's parents/guardians must be notified of the suspension immediately by the Principal.
 - The parents/guardians must also receive a full statement of the reason for the suspension, a notification of the number of days of the suspension. (Not to exceed ten school days.)
 - The parents/guardians must receive a notification of their right to seek a formal review of the suspension.
2. At the parents/guardians request, the school administration will review the suspension.
 - The student may be represented by an attorney (at his/her own expense).
 - The student, parent or representative has the right to question the person who made the decision to suspend, the right to present and question witnesses, and the right to put forward a defense.
3. If requested by the student, parent or representative, a record will be kept of the proceedings.
4. All references to a student's suspension are placed in the student's temporary record, **which shall be destroyed within 5 years after the student has transferred, graduated or permanently withdrawn from school. If the penalty concerns drugs, weapons, or bodily harm, that record shall remain for the five years.** (Section 50-1, The School Code)

Please note:

1. A suspension is not to exceed ten (10) school days.
2. Students may make up work missed during the suspension for 100% credit.
3. A student may be suspended before an informal hearing is held.
4. A student may be suspended from the school bus, following the same procedures as required in any other suspension. It should be noted that the school bus driver cannot suspend or remove a student from the bus except as a safety measure in cases of immediate harm or disruption.
5. If the formal hearing results in a decision favorable to the student, all references concerning the suspension must be removed from the student's records and the student must be allowed ample time to make up any school work that he/she missed.

EXPULSIONS

An expulsion is removal from school for more than 10 consecutive days. In expulsion cases, the following procedures are mandated by Section 10-22.6 of The School Code.

1. The student and the student's parents/guardians must be notified by registered or certified mail of the reasons for the recommended expulsion, including a full statement of the reasons for dismissal, the length of the expulsion and the date, time and place of the hearing. Please note that the expulsion does not take place until after the hearing.
2. At the hearing,
 - The student may be represented by an attorney at his/her own expense.
 - The student, parent, or representative has the right to question the person who made the recommendation to expel, to present evidence, to call and question witnesses, and to make a personal statement.
 - If requested, a record of the proceedings will be kept.
 - If a hearing officer is appointed by the FOCUS or TriStar Safe Schools Program administration, the hearing officer shall report to the administration a written summary of the evidence heard at the hearing. After the hearing or upon receipt of the written report of the hearing officer, the administration may take appropriate action.

Please note:

1. An expulsion is removal from school for more than 10 consecutive days
2. All references to a student's expulsion are placed in the student's temporary record, which shall be destroyed within five (5) years after the student has transferred, graduated, or otherwise permanently withdrawn from school. **If the penalty concerns drugs, weapons, or bodily harm, that record shall remain for the five years.** (Section 50-1, The School Code).

TEXTBOOKS

Each student will be assessed a book fee of \$40.00 at the time the student first enters classes. These fees may be waived in the event of financial hardship. An additional charge will be made for lost books or excessively damaged books. The Safe Schools Program assumes no responsibility for lost or stolen books.

THEFT

Students caught stealing will be removed from school and turned over to the proper law enforcement agencies.

TRANSPORTATION

Transportation to the Safe Schools Program is provided by the home school district out of courtesy to the student. The student is expected to abide by the rules set forth by the home district. The home high school does not have to provide transportation and if a student misbehaves on the bus, the home district has the right to suspend or remove the student from riding the bus. If a student is suspended/removed from the bus, it is the parent's responsibility

to transport that child to the Safe Schools Program. Below is a partial listing of general bus conduct rules that should be followed for all bus riders.

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal. Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Do not open windows.
11. Keep the bus neat and clean.
12. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
13. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
14. Be waiting at your bus stop on time.
15. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
16. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
17. Eating is not permitted on the bus.
18. Parents will be liable for any defacing or damage students do to the bus.

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.

2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the Home District's School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact your AEP principal.

If you need to ride on a different bus or if you wish to get on or off at a stop other than your regular one, you must give the driver written permission from a school authority. A school authority will only give such permission after receiving written permission from the student's custodial parent. School busses do not run according to student convenience. Deviations from a student's regular bus routine should be avoided except for emergency purposes.

These rules are approved by the Safe Schools Program staff and they will be enforced. These are general rules and they do not preclude the establishment of additional rules by individual drivers.

TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law. (© 2018 IPA School Handbook Subscription Service)

VIDEO AND AUDIO SURVEILLANCE

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

VIOLENT OFFENDER COMMUNITY NOTIFICATION

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

You may find the Illinois Sex Offender Registry on the Illinois State Police's website at: <http://www.isp.state.il.us/sor/>.

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police's website at: <http://www.isp.state.il.us/cmvol/>.

VISITORS

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.

2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

VISITATION RIGHTS ACT

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. Letters verifying participation in this program are available from the school office upon request. © 2019 IPA School Handbook

VOLUNTEERS

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. All volunteers must undergo a background check. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

WAIVER OF STUDENT FEES - FINES, FEES, & CHARGES

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.
